

## **LIGHT GEESE (regular season)**

Information provided in this section pertains only to the regular light goose season in South Dakota. The next section reports on the Spring Conservation order.

The 2008 light goose season covered 27 September - 21 December statewide and included snow, blue, and Ross' geese and all other geese except Canada geese, brant and white-fronted geese. The daily bag was 20 geese with an unlimited season possession limit. To hunt geese, residents were required to hold small game, 1-day small game, adult or junior combination, or youth small game licenses plus a migratory bird certification. Nonresidents were required to obtain a nonresident waterfowl license. All hunters age 16 and over were also required to obtain a federal waterfowl stamp.

In 2008, there were an estimated 6,014 hunters who hunted at least one day for light geese during the regular season (5,165 residents, 849 nonresidents). From survey responses, there was a projected harvest of 63,477 light geese (58,055 by residents, 5,422 by nonresidents).

When asked their satisfaction on the season, (1 being least satisfied, 7 being most satisfied), those respondents who reported hunting at least one day for light geese reported an average rating of 5.24 for residents and 5.23 for nonresidents. The average days hunted by all hunters (5.51 residents, 4.15 for nonresidents) projected to a total of 31,982 recreation days for the season.
